SEBI/HO/CFD/POD-2/P/CIR/2023/93, issued by Securities and Exchange Board of India ("**SEBI**") (hereinafter referred to as the "**SEBI Schemes Master Circular**") and in accordance with Section 2(6) of the Income Tax Act, 2025 (erstwhile Section 2(1B) of the Income Tax Act, 1961).

The Amalgamated Company is seeking the approval of its equity shareholders to the Scheme by way of voting through remote e-voting and e-voting during the Meeting. SEBI Schemes Master Circular, *inter alia*, provides that approval of Public Shareholders of the Amalgamated Company to the Scheme shall be obtained by way of voting through remote e-voting and e-voting during the Meeting. Since, the Amalgamated Company is seeking the approval of its equity shareholders (which also consists of the Public Shareholders) to the Scheme by way of voting through remote e-voting and e-voting during the Meeting, no

The scrutinizer appointed for conducting the remote e-voting and e-voting during the Meeting will however submit his separate report to the Chairman of the Amalgamated Company or to the person so authorised by him after completion of the scrutiny of the remote e-voting and e-voting during the Meeting cast by the Public Shareholders so as to announce the results of the remote e-voting and e-voting during the Meeting exercised by the Public Shareholders of the Amalgamated Company. In terms of the SEBI Schemes Master Circular, the Scheme shall be acted upon only if the votes cast by the Public Shareholders through remote e-voting and e-voting during the Meeting in favour of the resolution for approval of Scheme are more than the number of votes cast by the Public Shareholders against it.

7. The Scheme shall be considered approved by the equity shareholders of the Amalgamated Company if the resolution mentioned in the Notice has been approved by majority of persons representing three-fourth in value of the equity shareholders voting through e-voting during the Meeting or by remote e-voting, in terms of the provisions of Sections 230-232 of the Act.
8. In terms of the Order, if the entries in the records/registers of the Amalgamated Company in relation to the number or value, as the case may be, of the equity shares are disputed, the Chairman of the Meeting shall determine the number or value, as the case may be, for the purposes of the said Meeting, and his decision in that behalf shall be final.

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

As part of the Proposed Transaction, shareholders of ACC will be issued equity shares of Ambuja as a consideration. The Fair Equity Share Exchange Ratio for this report refers to number of equity shares of Ambuja which would be issued and allotted to the shareholders of ACC pursuant to the Proposed Transaction.

Our deliverable for this engagement would be a joint report recommending the Fair Equity Share Exchange Ratio for the Proposed Transaction ("Report").

SCOPE AND PURPOSE OF THE REPORT

Ambuja is among the leading cement manufacturing companies in India, and a part of the Adani Group. Ambuja owns and operates twenty-four integrated cement manufacturing plants and twenty-two cement grinding units across the country with aggregate installed capacity of 107 MTPA. Ambuja's equity shares are listed and publicly traded on BSE Limited ("BSE") and the National Stock Exchange of India Limited ("NSE"). The global depository receipts issued by the Amalgamated Company are listed on the Luxembourg Stock Exchange.

ACC, incorporated in 1936 and part of the Adani Group, is principally engaged in the business of manufacturing and selling of Cement and Ready-Mix Concrete. ACC's equity shares are also listed and publicly traded on BSE and NSE.

Both Ambuja and ACC form part of the Adani group of Companies. As on November 30, 2025, Ambuja holds 50.05% of the paid-up equity share capital of ACC. Thus, ACC is the subsidiary of Ambuja.

We understand that the Companies are contemplating amalgamation of ACC with and into Ambuja pursuant to a Scheme of Amalgamation under the provisions of Sections 230 to 232 and other applicable clauses of the Companies Act, 2013, and the underlying consideration shall be paid and discharged by the Amalgamated Company by issuing its fully paid-up equity shares to the shareholders of ACC as per the Fair Equity Share Exchange Ratio recommended in the Report. As per the Scheme, upon coming into effect of the Proposed Transaction, the equity shares issued by ACC and held by Ambuja shall stand cancelled and extinguished and in lieu thereof, there shall be no allotment of any equity shares.

For the aforesaid purpose, the Companies have appointed the respective Valuers to submit a joint report to estimate the Fair Equity Share Exchange Ratio for the Proposed Transaction in accordance with the relevant provisions of the Companies Act, 2013. Further, as the Proposed Transaction entails issue of equity shares by Ambuja, the Clients have requested the Valuers to present the Report for the consideration of the Board of Directors ("Board") of Ambuja and ACC. This Report will be placed before the Boards, Audit Committees, and the Shareholders of Ambuja and ACC, and to the extent mandatorily required under the applicable laws of India, maybe produced before judicial, regulatory or Government authorities, in connection with the Proposed Transaction.

We would like to emphasize that certain terms of the Proposed Transaction are stated in our Report, however the detailed terms of the Proposed Transaction shall be more fully described and explained in the Scheme document between the Companies. Accordingly, the description of the terms and certain other information contained herein is qualified in its entirety by reference to the relevant Scheme documents.

The scope of our services is to conduct a relative (and not absolute) valuation of the equity shares of the Companies and report on the Fair Equity Share Exchange Ratio for the Proposed Transaction in accordance with generally accepted valuation standards and practices.

HISTORICAL AND PROJECTED PERFORMANCE

1. Ambuja Cements Limited

Ambuja generated revenues of INR 3,53,364.4 Mn in FY2025 at a consolidated level vis-à-vis INR 310,369.9 Mn in FY2023, reflecting a compounded annual growth rate ("CAGR") of ~6% as against the industry growth of ~8%¹, considering the ongoing integration from the inorganic capacity expansion.

The expected revenue CAGR of Ambuja is over ~19% between FY2026 to FY2032 primarily on account of capacity expansion, as against expected industry growth of 7.5% - 8.5%¹ between FY2026 and FY2030.

Ambuja reported consolidated EBITDA margin of ~17% in FY2025 which is expected to increase up to ~29% by FY2032, driven by expected price reversals, sustained cost optimization and operational leverage.

2. ACC Limited

ACC's product portfolio comprises cement and ancillary services, as well as ready-mix concrete (RMX) products. Revenues are primarily derived from market sales, supplemented by Master Service and Supply Agreements with Ambuja. ACC reported revenues of approximately INR 219,198.9 Mn during FY2025, reflecting a CAGR of ~8% since CY2021. Historically, majority of ACC's revenues have been contributed by its cement and ancillary services segment, with the RMX segment accounting for a relatively small share of total revenues.

¹ Source: Crisil Report on Market review of Indian Cement Sector

of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

Between FY2026 and FY2032, ACC's cement sales are expected to grow at a CAGR lower than that of the industry primarily consequent to limited capacity expansion plans for the company's cement business. However, investment in the company's RMX vertical is expected to support ~30% compounded annual growth in this segment during the corresponding period as against industry forecasted growth of ~10%¹. By FY2032, this vertical is expected to contribute to ~30% of ACC's annual sales. Overall, ACC's revenues are forecasted to grow at a CAGR of ~8% between FY2026 and FY2032, reflective of a gradual shift in customer mix and recalibration of its product portfolio.

ACC's EBITDA margins range between 14% - 15% during FY2025 and are expected to stabilize at around 19% by FY2032 supported by a higher share of premium products and continued operating efficiency.

APPROACH FOR RECOMMENDATION OF SHARE EXCHANGE RATIO

The Scheme contemplates amalgamation of ACC with and into Ambuja pursuant to the provisions of Sections 230 to 232 and/or other applicable provisions of the Companies Act, 2013 and in accordance with Section 2(1B) of the Income Tax Act, 1961. Arriving at the share Exchange ratio for the Proposed Transaction would require determining the value of equity shares of Ambuja and ACC. These values are to be determined independently, but on a relative basis, without considering the effect of the Proposed Transaction.

Our choice of methodology of valuation has been arrived at using usual and conventional methodologies adopted for acquisitions and our reasonable judgment, in an independent and bona fide manner.

The valuation approach adopted by GTVAPL and BDO Val are given in Annexure 1A and 1B respectively (Annexure 1A and 1B together referred to as Annexures).

BASIS OF FAIR EQUITY SHARE EXCHANGE RATIO

The Fair Equity Share Exchange Ratio has been arrived at on the basis of the relative value of the Companies based on the various approaches / methods explained in this Report and various qualitative factors relevant to the Companies and the business dynamics and growth potentials of the businesses, having regard to information base, key underlying assumptions and limitations.

GT Valuation Advisors Private Limited

BDO Valuation Advisory LLP

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

Though different values have been arrived under each of the approaches / methods as mentioned in the Annexures, for the purposes of determining the Fair Equity Share Exchange Ratio, it is necessary to arrive at a final value for each Companies. For this purpose, it is necessary to give appropriate weights to the values arrived at under each approach / method.

The determination of a Fair Equity Share Exchange Ratio/ Valuation is not a precise science, and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgement. This concept is also recognized in judicial decisions. There is, therefore, no indisputable single Fair Equity Share Exchange Ratio/ equity value estimate. While we have provided our recommendation of the Fair Equity Share Exchange Ratio based on the information available to us and within the scope and constraints of our engagement, others may have a different opinion as to the same.

The final responsibility for the determination of the Fair Equity Share Exchange Ratio at which the Proposed Transaction shall take place will be with the Board of Directors of the Companies who should take into account other factors such as their own assessment of the Proposed Transaction and input of other advisors.

We have independently applied approaches/methods discussed in the Annexures, as considered appropriate, and arrived at the value per share of the Companies. To arrive at the consensus on the Fair Equity Share Exchange Ratio for the Proposed Transaction, suitable minor adjustments / rounding off have been done.

CONCLUSION

Based on the foregoing, and on consideration of all the relevant factors and circumstances discussed and outlined hereinabove, pursuant to the amalgamation of ACC with and into Ambuja, we recommend the following Fair Equity Share Exchange Ratio:

328 (Three Hundred Twenty-Eight) Equity Shares of Ambuja of INR 2 each fully paid up, for every 100 (One Hundred) Equity Shares of ACC of INR 10 each fully paid up.

It should be noted that we have not examined any other matter including economic rationale for the Proposed Transaction per se or accounting, legal or tax matters involved in the Proposed Transaction.

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

Annexure 1A - Approach to Valuation – GTVAPL

We have given due cognizance to the ICAI Valuation Standards (IVS") for the purpose of arriving at the valuation of the Companies. The valuation base considered is Fair Value. The IVS defines Fair Value as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the Valuation Date".

IVS 301 provides guidance on the valuation approaches and methodologies that can be considered by the valuer for valuation of business asset / business ownership interest (i.e., valuation of equity shares).

As per the guidance provided in IVS 301 following three approaches can be used for valuation of business / business ownership interest. The valuation techniques can be broadly categorized as follows:

- a) Market Approach:
 - i. Market Price Method
 - ii. Comparable Companies Multiple Method
- b) Income Approach – Discounted Cash Flow Method
- c) Cost/Asset Approach – Net Asset Value Method

Market Approach

Market approach is a valuation approach that uses prices and other relevant information generated by market transactions involving identical or comparable (i.e., similar) assets, liabilities or a group of assets and liabilities, such as business. The commonly used methodologies under this approach are presented hereunder:

Market Price ("MP") Method

The market price of an equity shares as quoted on stock exchanges is normally considered as the value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares.

The equity shares of Ambuja and ACC are listed on NSE and BSE. Considering the volume traded was higher on NSE than BSE, the share prices observed on NSE over a reasonable period have been considered for arriving at the value per equity share of Ambuja and ACC.

Comparable Companies Multiple ("CCM") Method

Under this method, value of the equity shares of a company/ business undertaking is arrived at by using multiples derived from valuation of comparable companies traded on active market. This valuation is based on the principle that market valuations taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

As part of our analysis, we have carried out research on comparable companies for Ambuja and ACC, listed on Indian Stock exchanges and having similar operations.

GT Valuation Advisors Private Limited

BDO Valuation Advisory LLP

Recommendation of Fair Equity Share Ratio for the proposed amalgamation of ACC Limited with into
Ambuja Cements Limited

- a) Ambuja is one of the leading manufacturers of cement and ready-mix concrete and aggregates in India. Accordingly, we have evaluated cement manufacturing companies based on their installed cement manufacturing capacities, and market positioning relative to Ambuja. Based on such evaluation, we have identified following companies as comparable to Ambuja.
 - i. UltraTech Cement Limited
 - ii. Shree Cement Limited
- b) ACC manufactures and sells cement and ready-mix concrete. Accordingly, we have evaluated companies comparable to ACC based on their installed cement manufacturing capacities. Based on such analysis, we have identified the following companies as comparable to ACC:
 - i. Dalmia Bharat Limited
 - ii. J.K. Cement Limited
 - iii. Nuvoco Vistas Corporation Limited
 - iv. The Ramco Cements Limited
 - v. Birla Corporation Limited
 - vi. JK Lakshmi Cement Limited
 - vii. JSW Cement Limited

In the present valuation analysis, Enterprise Value ("EV") to MTPA (installed capacity) multiple of comparable listed companies, as mentioned above, have been applied to the respective installed capacity of Ambuja and ACC to arrive at EV of Ambuja and ACC respectively. The value thus arrived is adjusted for cash and cash equivalents, other surplus assets, debt & debt-like items including lease liabilities to arrive at the Equity Value.

Discounted Cash Flow ("DCF") Method

Under the DCF method the projected free cash flows to the firm/ equity are discounted at the weighted average cost of capital/ cost of equity.

The DCF analysis is mainly based on the following elements:

- a) Estimated future free cash flows:

Free cash flows are the cash flows expected to be generated by the company that are available to all providers of the company's capital – both debt and equity.

- b) Appropriate discount rate to be applied to cash flows i.e., the cost of capital:

This discount rate, which is applied to the free cash flows, should reflect the opportunity cost to all the capital providers (namely shareholders and creditors), weighted by their relative contribution to the total capital of the company. The opportunity cost to the capital provider equals the rate of return the capital provider expects to earn on other investments of equivalent risk.

GT Advisory Private limited

BDO Valuation Advisory LLP

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited and Ambuja Cements Limited

In general, DCF method is a widely accepted valuation methodology, as it concentrates on the cash generation potential of the business. Thus, we have used this method to capture the values of the Companies based on the financial projections of the Companies provided by the Management.

We have used the free cashflows to firm (the "FCFF") approach under the DCF method to estimate the Enterprise Value. The value arrived is adjusted for cash and cash equivalents, other surplus assets, debt & debt-like items including lease liabilities, to derive the Equity Value.

Please note that we have relied on explanations, financial projections and information provided by the Management. The financial projections and its underlying assumptions are only the best estimates of the Management for the companies' growth and sustainability of profitability margins. Although we have reviewed the data for consistency and reasonableness, we have not independently investigated or otherwise verified the data provided.

Cost / Asset Approach

The value arrived at under this approach is based on the latest available audited/ limited reviewed financial statements of the Companies and may be defined as the Shareholder's Funds or Net Asset Value of the company.

Under this method, the net assets as per the financial statements are adjusted for market value of surplus/ non-operating assets, potential and contingent liabilities, if any. The NAV is generally used as the minimum break-up value for any business since this methodology ignores the future return the assets can produce and is calculated using historical accounting data that does not reflect how much the business is worth to someone who may buy or invest in the business as a going concern.

Based on our discussions with the Management, and analysis of the historical and projected profit and loss statements of the Valuation Subjects, we understand that the current NAV only reflects the historical costs and accumulated profits of the Valuation Subjects which do not reflect the fair value of the assets and liabilities as of the Valuation Date.

Since the current NAV is not reflective of the future cash generation and performance of the Valuation Subjects, keeping in mind the context and purpose of the Report, we have not used this method to estimate the equity value of the Companies.

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cement Limited

Fair Valuation:

We have arrived at the fair value of equity shares of both Companies by applying below mentioned weights to the value derived under various methods.

The computation of Fair Equity Share Exchange Ratio for Proposed Transaction by GTVAPL is tabulated below:

Valuation Approach	ACC		Ambuja	
	Value per Share of ACC (INR)	Weight	Value per Share of Ambuja (INR)	Weight
Market Approach:				
Market Price method (i)	1,855.2	25%	564.5	25%
Comparable Companies Multiples method (ii)	1,807.1	25%	668.9	25%
Income Approach – DCF Method (iii)	2,203.3	50%	612.9	50%
Cost Approach*	1,063.3	NA	227.6	NA
Relative Value per Share (Weighted Average of (i), (ii) and (iii))	2,017.2		614.8	
Fair Equity Share Exchange Ratio (Rounded)	328:100			
328 (Three Hundred Twenty-Eight) Equity Shares of Ambuja of INR 2 each fully paid up, for every 100 (One Hundred) Equity Shares of ACC of INR 10 each fully paid up.				

* NA – Not Applicable / Not Adopted

Notes:

1. As mentioned earlier, the Cost/Asset approach is not used in the present case, since both the Companies i.e., Ambuja and ACC, are going concerns and hence an actual realization of their operating assets is not contemplated.
2. Under the Market Price method, we have considered the higher of 10 trading days / 90 trading days Volume Weighted Average Price ("VWAP") of Ambuja & ACC.
3. Income Approach is adopted as we have been provided with financial forecasts for the businesses of the Companies and this methodology captures the future cash flows.

Annexure 1B- Approach to Valuation – BDO Val

BASIS OF VALUE

The report has been prepared on the basis of “Fair Value” as at Valuation Date. The generally accepted definition of “Fair Value” is the value as applied between a hypothetical willing vendor and a hypothetical willing prudent buyer in an open market and with access to all relevant information.

PREMISE OF VALUE

The report has adopted “Going Concern Value” as the premise of value in the given circumstances. The generally accepted definition of Going concern value is the value of a business enterprise that is expected to continue to operate in the future.

We have carried out the valuation in accordance with the principles laid in the International Valuation Standards, 2025, as applicable to the purpose and terms of this engagement.

The three main valuation approaches are the asset approach, income approach, market approach and asset approach. There are several commonly used and accepted methods within the market approach, income approach and asset approach, for determining the value of equity shares of a company, which can be considered in the present valuation exercise, to the extent relevant and applicable, to arrive at the Fair Equity Share Exchange Ratio for the purpose of the Proposed Transaction, such as:

- i. “Cost” approach;
- ii. “Income” approach; and
- iii. “Market” approach

Within these three basic approaches, several methods may be used to estimate the value.

It should be understood that the valuation of any company or its assets is inherently subjective and is subject to uncertainties and contingencies, all of which are difficult to predict and are beyond our control. In performing our analysis, we made assumptions with respect to industry performance and general business and economic conditions, many of which are beyond the control of the companies. In addition, this valuation will fluctuate with changes in prevailing market conditions, the conditions and prospects, financial and otherwise, of the companies/ businesses, and other factors which generally influence the valuation of companies and their assets.

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although different values may exist for different purposes, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose. Our choice of method of valuation has been arrived at using usual and conventional methods adopted for transactions of a similar nature and our reasonable judgment, in an independent and bona fide manner based on our previous experience of assignments of a similar nature.

Cost Approach:

The cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved. The approach provides an indication of value by calculating the current replacement or reproduction cost of an asset and making deductions for physical deterioration and all other relevant forms of obsolescence.

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

Replacement Cost Method

Generally, replacement cost is the cost that is relevant to determining the price that a participant would pay as it is based on replicating the utility of the asset, not the exact physical properties of the asset. Replacement cost is adjusted for physical deterioration and all relevant forms of obsolescence. After such adjustments, this can be referred to as depreciated replacement cost.

Reproduction Cost Method

Reproduction cost is appropriate if the cost of a modern equivalent asset is greater than the cost of recreating a replica of the subject asset, or the utility offered by the subject asset could only be provided by a replica rather than a modern equivalent.

Summation Method

The summation method, also referred to as the underlying asset method, is typically used for investment companies or other types of assets or entities for which value is primarily a factor of the values of their holdings.

Income Approach:

The income approach provides an indication of value by converting future cash flows to a single current value. Under the income approach, the value of an asset is determined by reference to the value of income, cash flow or cost savings generated by the asset. A fundamental basis for the income approach is that investors expect to receive a return on their investments and that such a return should reflect the perceived level of risk in the investment.

Discounted Cash Flow Method

Under the DCF method the forecast cash flows are discounted back to the valuation date, resulting in a present value of the asset. When selecting the appropriate type of cash flow for the nature of asset or assignment. In addition, the discount rate and other inputs must be consistent with the type of cash flow chosen.

The intended holding period for one investor should not be the only consideration in selecting an explicit forecast period and should not impact the value of an asset. However, the period over which an asset is intended to be held may be considered in determining the explicit forecast period if the objective of the valuation is to determine its investment value.

Where the asset is expected to continue beyond the explicit forecast period, valuers must estimate the value of the asset at the end of that period. The terminal value is then discounted back to the valuation date, normally using the same discount rate as applied to the forecast cash flow.

The market approach/exit value method can be performed in a number of ways, but the ultimate goal is to calculate the value of the asset at the end of the explicit cash flow forecast. Common ways to calculate the terminal value under this method include application of a market-evidence based capitalization factor or a market multiple.

The rate at which the forecast cash flow is discounted should reflect not only the time value of money, but also the risks associated with the type of cash flow and the future operations of the asset.

GT Valuation Advisors Private limited

BDO Valuation Advisory LLP

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

Market Approach

The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available. The market approach often uses market multiples derived from a set of comparable assets, each with different multiples. The selection of the appropriate multiple within the range requires judgement, considering qualitative and quantitative factors.

Guideline Publicly Traded Comparable or Comparable Companies Multiple (“CCM”) Method

The guideline publicly traded method utilizes information on publicly traded comparable companies that are similar to the subject asset to arrive at an indication of value. The method should be used only when the subject asset is sufficiently similar to the publicly traded comparable companies to allow for a meaningful comparison.

Comparable Transactions Multiples (“CTM”) Method

The comparable transactions method, also known as the guideline transactions method, utilizes information on transactions involving assets that are the same or similar to the subject asset to arrive at an indication of value.

Market Price Method

Under this method, the market price of an equity shares of the company as quoted on a recognized stock exchange is normally considered as the fair value of the equity shares of that company where such quotations are arising from the shares being regularly and freely traded. The market value generally reflects the investors’ perception about the true worth of the company.

The valuation approaches/ methods used, and the values arrived at using such approaches/ methods have been tabled in the next section of this report.

VALUATION APPROACHES / METHODS USED

In order to consider reasonable methods for the valuation exercise, we have referred to the International Valuation Standards, 2025 and the specific information/explanations available of Ambuja and ACC. We have considered the following respective methods for the valuation:

Ambuja

Cost Approach: In a ‘going concern’ scenario, for an operating entity, the earning power, as reflected under the Income and Market approaches, are of greater importance to the basis of amalgamation, than the value arrived on the net asset basis, which is of limited relevance. Therefore, we have not considered Cost approach for valuation since the cost approach does not reflect the intrinsic value of the business operations in a “going concern scenario”.

Income Approach: DCF method is a widely accepted valuation methodology, as it considers the future potential of the business. Thus, we have used this method to value the Companies based on the financial projections of the Companies provided by the Management.

We have used the free cashflow to firm (the “FCFF”) approach under the DCF method to estimate the Enterprise Value. The value arrived is adjusted for cash and cash equivalents, other surplus assets, debt & debt-like items including lease liabilities, to derive the Equity Value. We have used latest available financial statements of the Companies for the period ended September 30, 2025, and market factors as on the Valuation Date to compute the discounting factor. The Equity Value so arrived is then suitably roll- forwarded up to the Valuation Date.

GT Valuation Advisors Private limited

BDO Valuation Advisory LLP

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

The projections provided to us are only the best estimates of growth and sustainability of profitability margins. Although, we have reviewed the financial forecast provided to us for consistency and reasonableness, we have not independently investigated the financial projections of the Companies.

We must emphasize that realizations of free cash flows forecast will be dependent on the continuing validity of the assumptions on which they are based. Our analysis, therefore, will not, and cannot be directed to provide any assurance about the achievability of the projections. Since the financial forecasts relate to future, actual results are likely to be different from the projected results because events and circumstances do not occur as expected, and the differences may be material.

Market Approach:

In the present case, the shares of Ambuja are listed on the BSE and NSE, and there are regular transactions in their equity shares with reasonable volumes on BSE and NSE. Hence, Market Price Method under the Market Approach has been considered for valuation of Ambuja. The volume weighted average share price observed on NSE (due to higher volumes on NSE) for Ambuja over a reasonable period has been considered for determining value under the market price methodology.

Comparable Companies Multiple Method ("CCM") (EV/EBITDA multiple) is also used for determining and arriving at the fair value of Ambuja, since there are comparable companies operating in similar businesses in India.

Ambuja is among the leading cement manufacturing companies in India, and a part of the Adani Group. Ambuja owns and operates twenty-four integrated cement manufacturing plants and twenty-two cement grinding units across the country with aggregate installed capacity of 107 MTPA. Accordingly, we have selected comparable companies and the multiples based on business description, size, profitability, etc. in comparison with Ambuja. On review of the same, the following comparable entities have been selected to compute the comparable market multiples:

- (a) UltraTech Cement Limited (b) Shree Cement Limited

Due to unavailability of credible and sufficient information in public domain, relating to comparable transactions of companies having similar size of operations, product portfolio in the recent years, we have not used CTM Method for valuation.

ACC

Cost Approach: In a 'going concern' scenario, for an operating entity, the earning power, as reflected under the Income and Market approaches, are of greater importance to the basis of amalgamation, than the value arrived on the net asset basis, which is of limited relevance. Therefore, we have not considered Cost approach for valuation since the cost approach does not reflect the intrinsic value of the business operations in a "going concern scenario".

Income Approach: DCF method is a widely accepted valuation methodology, as it considers the future potential of the business. Thus, we have used this method to value the Companies based on the financial projections of the Companies provided by the Management.

We have used the free cashflow to firm (the "FCFF") approach under the DCF method to estimate the Enterprise Value. The value arrived is adjusted for cash and cash equivalents, other surplus assets, debt & debt-like items including lease liabilities, to derive the Equity Value. We have used latest available financial statements of the Companies for the period ended September 30, 2025, and market factors as on the Valuation Date to compute the discounting factor. The Equity Value so arrived is then suitably roll-forwarded up to the Valuation Date.

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

The projections provided to us are only the best estimates of growth and sustainability of profitability margins. Although, we have reviewed the financial forecast provided to us for consistency and reasonableness, we have not independently investigated the financial projections of the Companies.

We must emphasize that realizations of free cash flows forecast will be dependent on the continuing validity of the assumptions on which they are based. Our analysis, therefore, will not, and cannot be directed to provide any assurance about the achievability of the projections. Since the financial forecasts relate to future, actual results are likely to be different from the projected results because events and circumstances do not occur as expected, and the differences may be material.

Market Approach:

In the present case, the shares of ACC are listed on the BSE and NSE, and there are regular transactions in their equity shares with reasonable volumes on BSE and NSE. Hence, Market Price Method under the Market Approach has been considered for valuation of ACC. The volume weighted average share price observed on NSE (due to higher volumes on NSE) for ACC over a reasonable period has been considered for determining value under the market price methodology.

Comparable Companies Multiple Method ("CCM") is also used for determining and arriving at the fair value of ACC, since there are comparable companies operating in similar businesses in India.

ACC, incorporated in 1936, a member of the Adani Group, is principally engaged in the business of manufacturing and selling of Cement and Ready-Mix Concrete. Accordingly, we have selected comparable companies and the multiples based on business description, size, profitability, etc. in comparison with ACC. On review of the same, the following comparable entities have been selected to compute the comparable market multiples:

- (a) J.K. Cement Limited (b) The Ramco Cements Limited (c) Nuvoco Vistas Corporation Limited (d) Birla Corporation Limited (e) Dalmia Bharat Limited (f) JK Lakshmi Cement Limited

Due to unavailability of credible and sufficient information in public domain, relating to comparable transactions of companies having similar size of operations, product portfolio in the recent years, we have not used CTM Method for valuation.

The valuation approaches/ methods used, and the values arrived at using such approaches/ methods have been tabled below in the next section of this Report.

As discussed earlier, for the present valuation exercise, we have considered it appropriate to use DCF Method, Market Price method and Comparable Companies Multiple method for valuation of Ambuja and ACC to arrive at the recommended Fair Equity Share Exchange Ratio for amalgamation of ACC with Ambuja as follows:

GT Valuation Advisors Private limited

BDO Valuation Advisory LLP

Recommendation of Fair Equity Share Exchange Ratio for the proposed amalgamation of ACC Limited with and into Ambuja Cements Limited

The computation of Fair Equity Share Exchange Ratio for Proposed Transaction by BDO Val is tabulated below:

Valuation Approach	Valuation Method	Ambuja		ACC	
		Value Per Share (INR)	Weights	Value Per Share (INR)	Weights
Cost Approach ¹	Summation Method	228.1	NA	1,063.8	NA
Income Approach ²	DCF Method (A)	662.5	50%	2,169.2	50%
Market Approach ³	Market Price Method (B)	564.5	25%	1,855.2	25%
Market Approach ⁴	Comparable Companies Multiples Method (C)	635.2	25%	2,070.9	25%
Relative Weighted Average Value Per Share [Weighted average price of (A), (B) and (C)]		631.2		2,066.1	
Fair Equity Share Exchange Ratio (Rounded Off)		328 Equity Shares of Ambuja for every 100 shares of ACC.			

NA means Not Adopted / Not Applicable.

Notes:

1. Since Summation Method under 'Cost Approach' does not reflect the intrinsic value of the business of the Companies in a 'going concern scenario', we have not considered Cost Approach for this valuation exercise.
2. Discounted Cash Flow Method ("DCF") under the Income Approach has been considered for valuation of the Companies as the true worth of their businesses would be reflected in their future earnings potential.
3. Ambuja and ACC are listed on NSE and BSE. However, it is frequently traded with higher trading volumes on NSE, hence, we have considered market price on NSE for valuing Ambuja and ACC. We have considered 90 trading days' VWAP.
4. Under Market Approach, we have considered Comparable Companies' Multiple ('CCM') Method for valuation of the Companies being the most appropriate method.

Following is the recommended Fair Equity Share Exchange Ratio:

328 (Three Hundred Twenty Eight) Equity Shares of Ambuja of INR 2 each fully paid up, for every 100 (One Hundred) Equity Shares of ACC of INR 10 each fully paid up.

2. Proposed Scheme

Rationale and benefits of the scheme

1. The Amalgamated Company is among India's leading cement manufacturers, with installed capacity across Pan India. The Amalgamating Company is also engaged in cement manufacturing with capacities that strategically complement and enhance the manufacturing footprint of the Amalgamated Company. The Amalgamated Company is the Promoter of the Amalgamating Company and holds 50.05% of the paid-up equity share capital of the Amalgamating Company. As both the companies are under the same line of business, the amalgamation will enable the Amalgamated Company to assume complete ownership and direction of the Amalgamating Company's business for long-term strategic alignment. The proposed amalgamation will combine the operations of both companies, driving focused growth, operational efficiencies, and significant business synergies. Furthermore, the resulting corporate structure will enhance agility and strengthen the overall business ecosystem of the merged entity.
2. The amalgamation will unify manufacturing and commercial functions, optimize resource allocation, and streamline the group's structure by reducing multiple entities in the same line of business. This integration will enable faster decision-making, smoother execution of production plans, and stronger operational discipline enhancing agility and efficiency across the combined network.
3. The amalgamation will enable to deploy its financial, managerial, and operational resources more effectively. With all resources under the management of a single entity, both allocation and utilization can be optimized to support the Adani group's strategic objectives.
4. By pooling financial, operational, and logistical resources, the merged entity will unlock economies of scale. Coupled with a unified market approach and efficient capital deployment, these synergies will boost profitability, strengthen competitiveness, and deliver superior long-term value and benefits to shareholders and other stakeholders.

5. The amalgamation is in alignment with the Adani group's long-term vision of consolidation and sustainable growth. Over time, the unified structure is expected to generate increased value for shareholders, supporting the group's ongoing commitment to delivering sustainable returns.

Synergies of business of the entities involved in the Scheme

The proposed Scheme would, inter alia, result in the following synergies:

- a. Operational Synergies: Integration of operations will lead to improved asset utilization, process standardization and elimination of operational overlaps, enhancing productivity and efficiency.
- b. Cost Synergies: The merger will eliminate duplication of corporate functions such as finance, legal, secretarial, compliance, audit, listing and support services, resulting in recurring cost savings.
- c. Financial Synergies: Pooling of financial resources will strengthen the balance sheet of the merged entity, improve cash flow management and enhance access to capital markets.
- d. Revenue and Scale Benefits: The combined entity will benefit from increased scale, stronger market presence and improved ability to service customers and pursue larger business opportunities.
- e. Governance and Compliance Synergies: A unified entity structure will enable focused governance, streamlined compliance management and more effective Board oversight.

Impact of the Scheme on shareholders

Amalgamating Company:

For the shareholders of the Amalgamating Company, the proposed Scheme will provide an opportunity to improve the economic value for the shareholders. This is particularly marked in the improved synergies that will arise pursuant to the Scheme. The proposed Scheme will result in deriving benefits for future capacity expansion and funding of capital expenditure, given the strong credit rating of the Amalgamated Company. Thus, upon the Scheme becoming effective, the shareholders of the Amalgamating Company will be able to participate in the growth of the Amalgamated Company, which is the leading cement manufacturing company in India as on date.

Amalgamated Company:

For the shareholders of the Amalgamated Company, the proposed Scheme will result in economies of scale and consolidation of opportunities will improve profitability and enhance overall shareholder value. This is particularly marked in the improved synergies that will arise pursuant to the Scheme. The impact of the Scheme on the shareholders, including the public shareholders, would be the same in all

respects and no shareholder is expected to have any disproportionate advantage or disadvantage in any manner.

Parts of the Scheme

This Scheme is presented under Sections 230 to 232 and other applicable provisions of the Act for the amalgamation of the Amalgamating Company with the Amalgamated Company and it is divided into the following parts:

Part I: Deals with a brief overview of the Companies (as defined hereinafter), other schemes of arrangement/amalgamation involving the Amalgamated Company, rationale and benefits of the Scheme, synergies of business of the entities involved in the Scheme and impact of the Scheme on shareholders.

(a) Tax related matters:

1. The Company was entitled to excise duty incentives for the assessment years 2006-07 to 2015-16 for its Gagal plant located in the state of Himachal Pradesh. The Company has been contending that the said incentives are in the nature of capital receipts and hence not liable to income tax. However, the Income Tax Department had consistently denied the position and considered these incentives as taxable receipts.

Post receipt of favourable orders from ITAT, Mumbai, the Commissioner of Income Tax (Appeals) in subsequent years has also passed orders in favour of the Company. Consequently, the Revenue Authorities have also passed necessary orders giving effect to ITAT orders and consequential refunds have also been granted.

Accordingly, the management has assessed the risk to be remote and reduced the contingent liability for this matter to nil. There is no further update in this matter.

2. The company had received Assessment Order for the FY 2019-20 demanding Rs. 102.45 crores towards certain disallowances.

The company had filed appeal against the said order. Recently the company has received favourable order from the Commissioner - Appeals as a result of which the demand of Rs 102.45 crores will get nullified.

3. The Company has received an order u/s 271(1)(c) of the Income Tax Act, 1961 wherein the Income Tax Department has levied penalty under section 271(1)(c) for the Assessment Year 2015-16. For Financial Year 2014-15 relevant to Assessment Year 2015-16, the Income Tax Department had disallowed certain expenses aggregating to Rs. 49,25,55,868 and consequently alleged such adjustments as furnishing inaccurate particulars of income to the extent of such disallowances.

Consequent to the same, the Income Tax Department has now levied penalty amounting to Rs.14,22,15,663, i.e. 100% of the tax effect of the aforesaid disallowances.

4. The Company has received an order u/s 270A of the Income Tax Act, 1961 wherein the Income Tax Department has levied penalty under section 270A(9) for the Assessment Year 2018-19. For the relevant year, the Income Tax Department had disallowed claim for expenditure amounting to Rs. 12,79,60,024 and accordingly alleged under-reporting of income to that extent.

Consequent to the said disallowance, the Income Tax Department has levied penalty amounting to Rs. 8,85,68,810, i.e., 200% of the tax effect of the aforesaid disallowances.

Status of Point 3 and Point 4: At present, there is no impact on financial activity due to the said penalty demands. The Company is contesting the orders and has filed appeals before the Commissioner of Income Tax (Appeals) within the prescribed timelines and parallelly sought a stay of the penalty demand.

5. The Company has received an order for the disallowance of excess ITC claimed in the GSTR-3B return as under:

Penalty: Rs.51,23,670/- (CGST Rs.25,61,835/- + SGST Rs.25,61,835/-) imposed under Section 73 of CGST/HGST Act, 2017 read with Section 20 of IGST Act, 2017.

Status of Point 5: The Company is taking appropriate steps to appeal against the above Order imposing the demand before the appropriate authority. The Company does not foresee any material impact on financial or operational or other activities of the Company.

(b) Demands from Government Authorities

- (i) In 2012, the Competition Commission of India (CCI) had imposed a penalty of Rs. 1,147.59 crore on the Company concerning alleged contravention of the provisions of the Competition Act, 2002. On Company's appeal, Competition Appellate Tribunal (COMPAT), initially stayed the penalty and by its final order dated December 11, 2015, set aside the order of the CCI, remanding the matter back to the CCI for fresh adjudication and for passing a fresh order. After hearing the matter afresh, the CCI had again, by its order dated September 30, 2016, imposed a penalty of Rs. 1,147.59 crore on the Company.

The Company filed an appeal against the said Order before the COMPAT. The COMPAT, vide its interim order dated November 21, 2016 stayed the penalty with a condition to deposit 10% of the penalty amount, in the form of fixed deposit (the said condition has been complied with) and levy of interest of 12% p.a., in case the appeal is decided against the Company. Meanwhile, pursuant to the notification issued by the Central Government on May 26, 2017, any appeal, application or proceedings before COMPAT were transferred to National Company Law Appellate Tribunal (NCLAT). NCLAT, vide its Order dated July 25, 2018, dismissed the

Company's appeal and upheld the CCI's order. Against this, the Company appealed to the Hon'ble Supreme Court, which by its order dated October 05, 2018, admitted the appeal and directed to continue the interim order passed by the Tribunal. Company's appeal is pending.

- (ii) In a separate matter, pursuant to a reference filed by the Director, Supplies and Disposals, Government of Haryana, the CCI by its Order dated January 19, 2017 had imposed a penalty of Rs.35.32 crore on the Company. On Company's appeal, the COMPAT (later transferred to NCLAT) has stayed the operation of CCI's order. The matter is pending for final hearing.
- (iii) Director General (Investigation and Registration) filed an application u/s. 10(a)(iii) and Section 37 of MRTP Act (restrictive trade practices) against Cement Manufacturers Association (CMA) and 44 Cement Manufacturers alleging (i) fixing the prices in arbitrary and unjustified manner; (ii) price hike of about 30% from February 1990 to August 1990; (iii) violation of Section 2(o)(ii) & 33(1)(d) of MRTP Act. MRTP Commission passed a "Cease & Desist" Order dated 20.12.2007 in the above matter against CMA and 42 Companies. An Appeal has been filed before the Hon'ble Supreme Court with a prayer for stay of the said Order of MRTP Commission.
- (iv) The Company has challenged the levy of Singrauli Punarsthapan Charge @ Rs. 300 per tonne over and above the notified price of coal, uniformly across all mines of Northern Coalfields Limited, with effect from May 1, 2025, by the Northern Coalfields Ltd. under the Price Notification No. CIL/M&S/Pricing/557 dated February 27, 2025, along with its corrigendum dated February 28, 2025, issued by Coal India Limited. The Hon'ble High Court has granted the stay in favour of the Company and the matter is pending adjudication before the Hon'ble Court.

(c) Demand from Mining Authorities

- (i) The Company was contesting the renewal of mining lease in the state of Jharkhand for two of its mining leases at Chaibasa, Jharkhand. The Company received demand from the District Mining Officer for Rs. 881 crore on October 05, 2015 as penalty for alleged illegal mining activities carried out by the Company during January 1991 to September 2014. On January 02, 2015, the Central Government promulgated the Mines and Minerals (Development and Regulation) Amendment Ordinance, 2015 [subsequently enacted as Mines and Minerals (Development and Regulation) (Amendment) Act, 2015 in March 2015] amending mining laws with retrospective effect, and decided that all leases granted prior to the ordinance will be deemed to have been automatically renewed until the prescribed period therein. The Company then filed a writ petition before the Hon'ble Jharkhand High Court for directing the State Government to renew both the leases up to March 2030 as per the Ordinance. On October 31, 2015, the High Court passed an interim order in terms of Section 8A(5) of the Ordinance for Quarry II extending the lease up to March 2030 permitting the Company to commence mining operations after depositing Rs. 48 crore subject to the outcome of the petition filed by the Company.

- (ii) The Company has an ongoing dispute with Department of Mines & Geology (DMG), Karnataka, over the basis of royalty calculation for the period from 1995-96 to 2022-23 at its Mining Lease in Wadi, Karnataka. The DMG advocates a notional limestone consumption factor and had raised a demand of Rs. 792 crore on April 10, 2024 (later revised to Rs. 257 crore and thereafter to Rs. 492 crore) and blocked the access to the Integrated Lease Management System ('ILMS'). The Company contends that calculation of royalty on the basis of a fixed notional ratio adopted by the State Government is arbitrary and without basis instead of the actual weighment of limestone. The demand and the actions of the DMG were challenged before the Hon'ble Revisionary Authority, Ministry of Mines which had directed the DMG to take steps restore the access to ILMS.

The Company has filed a writ petition before the Karnataka High Court on September 10, 2024 seeking enforcement of the interim order of the Revisionary Authority and execution of supplementary mining lease deed. While the matter was pending, the Hon'ble Karnataka High Court directed the DMG to restore access to ILMS subject to a provisional deposit of Rs. 125 crore.

Subsequently, Hon'ble RA passed an order dated 09.09.2025 holding that the State Government could not have adopted notional limestone consumption factor in the absence of any dispute of weighment mechanism. The order passed by Hon'ble RA has been challenged by the State Government by way of Writ Petition 36850 of 2025 before the Hon'ble High Court of Karnataka; however, no stay has been granted as of now and the matter is pending for adjudication.

The dispute regarding differential royalty also led to delay in executing and concluding the supplementary lease deed with government authorities and a demand of Rs. 482 crore was issued by the DMG towards alleged illegal mining for the period from February 2023 to August 2024 on the ground that the Company did not have a valid mining lease. The Company has disputed the demand on the ground that the mining lease stood extended up to 31.03.2030 by virtue of Section 8A(5) and that the demand is without any basis and has filed a writ petition challenging the same before the Hon'ble Karnataka High Court. The Court has ordered that no coercive action shall be taken against the Company till the next date of hearing. The matter is pending for final hearing.

The Company is also in receipt of similar demands computed on the basis of a notional limestone consumption factor in the States of Rajasthan and Tamil Nadu. Against this, the Company has filed petitions before the Hon'ble Rajasthan High Court and Hon'ble Tamil Nadu High Court contending that the calculation of royalty on the basis of a fixed notional ratio adopted by the State Government instead of the actual weighment of limestone is arbitrary and without basis.

- (iii) The Company had challenged the Notification dated February 17, 1992 issued increasing royalty on limestone from Rs. 10/- to Rs. 25/- before the Hon'ble Himachal Pradesh High Court which was rejected vide order dated November 13, 1997. Therefore, the State of Himachal Pradesh raised a demand of Rs. 10.25 crore towards the differential royalty (Rs.15/-per tonne) which was paid by the Company on February 24, 1998.

Subsequently, an additional demand of Rs. 6.1 crore was raised towards interest under Rule 64-A of Mineral Concession Rule, 1960 on the delayed payment of differential royalty. The Company had challenged the constitutional validity of Rule 64-A which was upheld vide order dated December 23, 2008 and the Company paid the amount demanded. The State of Himachal Pradesh again raised a demand of Rs. 15.86 crore towards interest for delayed payment of the demand for interest and the same was challenged by the Company before the Hon'ble Himachal Pradesh High Court on the ground that the State Government does not have the power to charge interest on interest. The Hon'ble Himachal Pradesh High Court dismissed the Company's petition on May 03, 2013, and the Company filed an SLP before the Hon'ble Supreme Court against the order.

The Company has received a demand notice of Rs. 46 crore issued by Collector, Katni towards storage of minerals without obtaining a license under MP Minerals (Prevention of Illegal Mining, Transportation and Storage) Rules, 2022. The Company contends that it was not required to obtain a license and had paid all the statutory dues and levies for the said minerals. The Company has also filed a writ petition challenging the demand notices before the Hon'ble Madhya Pradesh High Court, and the Hon'ble High Court has stayed the impugned demand notice. Singareni Collieries Ltd, with whom the Company has Fuel Supply Agreements, was seeking to recover contributions amounting to Rs. 12.92 crore towards District Mineral Foundation from January 12, 2015 as against from January 20, 2016, by its Price Notification dated February 09, 2016. The Company contends that the liability for DMF contribution as per the DMF Rules 2015, has to be reckoned from, either the date of coming into force of the DMF Rules (January 12, 2015) or the date of Notification establishing the Trusts (January 20, 2016), whichever is later and has filed a writ petition before the Hon'ble Telangana High Court challenging the same. duty and a penalty. The Company filed a Stamp Reference before the High Court, arguing that the appointed date should determine the stamp duty. Gujarat High Court vide order dated February 10, 2023 ruled in favor of the Company, stating that the levy of stamp duty should be based on the appointed date and not the date of the High Court's sanction. BDO – BASIS OF VALUATION

- BDO carried out independent analysis using generally accepted valuation methodologies in arriving the valuation for the Scheme. Both Amalgamating Company and Amalgamated Company are listed entities. The approach adopted by the registered valuer determining the same is summarized as under:

Valuation Approach	Amalgamating Company	Amalgamated Company
Cost Approach	In a 'going concern' scenario, for an operating entity, the earning power as reflected under the Income and Market approaches, are of greater importance to the basis of amalgamation, than the value arrived on the net asset basis, which is of limited relevance. Therefore, BDO have not considered Asset / Cost approach for valuation since the asset / cost approach does not reflect the intrinsic value of the business operations in a "going concern scenario". Cost Approach	The Net Asset Value (NAV) method, which is based on a company's financial statements and reflects the book value of its assets and liabilities, was not adopted for the valuation of the specified companies since it does not account for future cash generation or current market realities, relying instead on historical data that may not represent the business's true worth as a going concern. Income Approach	The DCF method has been adopted to estimate the equity value of Amalgamating Company, relying on financial projections and management input to forecast future cash flows and discount them at an appropriate rate.	The DCF method has been adopted to estimate the equity value of Amalgamated Company, relying on financial projections and management input to forecast future cash flows and discount them at an appropriate rate.
Market Approach	Market Price Method: The equity shares of Amalgamating Company are listed on NSE and BSE and there are regular transactions in its equity shares with adequate volumes. Thus, the share prices observed on NSE over a reasonable period, considering the volume traded was higher on NSE than BSE, have been considered for arriving at the value per equity share of Amalgamating Company under the Market Price method. Comparable Companies Multiple Method: Under this methodology, appropriate valuation multiples (EV/MTPA installed capacity) of comparable listed companies are computed and applied to the installed capacity of Amalgamating Company in order to arrive at a multiple based valuation. In identifying the comparable companies, certain parameters like similarity in business activity, financial performance, size of operations etc. were considered. 6. The Competition Commission of India (CCI), vide its order dated August 31, 2016, had imposed a penalty of ₹ 1,148 Crore on the Company on grounds of alleged cartelisation. On Company's appeal, the Competition Appellate Tribunal (COMPAT), subsequently merged with National Company Law Appellate Tribunal (NCLAT), vide its interim Order dated November 7, 2016, had granted stay against the CCI's Order with the condition to deposit 10% of the penalty amount through lien on deposit of such amount in bank, which was deposited by the Company and further in case the appeal is dismissed, interest at 12% p.a. would be payable on the penal amount from the date of the CCI order. NCLAT, vide its Order dated July 25, 2018, dismissed the Company's appeal, and upheld the CCI's order. Against this, the Company appealed before the Hon'ble Supreme Court, which, by its Order dated October 5, 2018, had admitted the appeal and directed to continue the Interim order passed by the NCLAT dated November 7, 2016. The final arguments in the matter have been started by the Company's Counsel on July 16, 2026 and continued the same on July 23, 2026 as well, however, as at reporting date the matter has been adjourned to July 29, 2026 for further arguments by the Company's counsel.

On Company's appeal, COMPAT had stayed the operation of the CCI's Order. The matter was listed before the NCLAT on May 12, 2026, however adjourned to August 18, 2026 for hearing.

7. Employee benefits expenses are net of costs allocated to / from the Company's Holding Company and subsidiaries based on cost sharing arrangements between the Companies.
8. In respect of captive limestone mining lease operations for manufacturing of cement plant in Wadi, Karnataka, the Company has ongoing dispute with Department of Mines & Geology (DMG), Karnataka, over the basis of royalty calculation since earlier years.

The Company has made various representations in the matter including before Hon'ble Revisional Authority (RA) and in previous year, it also approached Hon'ble High Court of Karnataka to ensure continuing mining for manufacturing operations of Wadi Plant on provisional deposit of ₹ 125 Crore under protest against the demand of DMG.

As at previous year ended March 31, 2026, the Hon'ble Revisionary Authority had set aside the demand and held that the State Government could not have adopted the notional limestone consumption factor of 1:1.42 for computation of royalty payable in absence of any dispute regarding the weightment mechanism. Accordingly, the matter of additional demand of royalty ₹ 492 Crore since 1995-96 to 2021-22 was remanded back to the State Government. In view of the order of the Revisionary Authority, the Company had sought refund of ₹ 125 Crore and execution of supplementary lease deed. The State Government had filed a writ petition on December 2, 2025 challenging the order of the Revisionary Authority, which is pending before the Hon'ble Karnataka High Court.

The dispute also led to delay in executing and concluding the supplementary lease deed with government authorities and the matter relating to the show cause for not entering into supplementary lease agreement and demand thereof ₹ 482 Crore towards allegation of illegal mining, is pending before Hon'ble High Court of Karnataka. The Company has challenged the demand which is pending before the Hon'ble Karnataka High Court. Pending settlement of additional demand of royalty matter and thus delay in execution of the supplementary lease deed, the DMG appointed Deputy Commissioner, Kalaburagi for recovery of the dues on March 3, 2026 but based on hearing in the matter by Hon'ble High Court of Karnataka on April 21, 2026, the State Government has assured it shall not take precipitative action and the Hon'ble High Court has noted the same. The matter was listed on July 22, 2026, for final hearing however adjourned to August 3, 2026. Basis the independent legal opinion, Management believes that the Company has a strong case on merits, and no provision is considered necessary in the matter in the standalone financial results.

The management has evaluated such closures as temporary in nature, focused on long term value creation, and thus does not require provision of impairment in the carrying value of property, plant and equipment's of such plants as at reporting date.

1. We have reviewed the accompanying statement of unaudited standalone financial results of ACC Limited (the "Company") for the quarter ended June 30, 2026 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. The Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. The Competition Commission of India (CCI), vide its order dated August 31, 2016, had imposed a penalty of ₹ 1,148 Crore on the Holding Company on grounds of alleged cartelisation. On Holding Company's appeal, the Competition Appellate Tribunal (COMPAT), subsequently merged with National Company Law Appellate Tribunal (NCLAT), vide its interim Order dated November 7, 2016, had granted stay against the CCI's Order with the condition to deposit 10% of the penalty amount through lien on deposit of such amount in bank, which was deposited by Holding Company and further in case the appeal is dismissed, interest at 12% p.a. would be payable on the penal amount from the date of the CCI order. NCLAT, vide its Order dated July 25, 2018, dismissed the Holding Company's appeal, and upheld the CCI's order. Against this, the Holding Company appealed before the Hon'ble Supreme Court, which, by its Order dated October 05, 2018, had admitted the appeal and directed to continue the Interim order passed by the NCLAT dated November 7, 2016. The final arguments in the matter have been started by the Holding Company's Counsel on July 16, 2026 and continued the same on July 23, 2026 as well, however, as at reporting date the matter has been adjourned to July 29, 2026 for further arguments by the Holding Company's counsel.

In a separate matter, pursuant to a reference filed by the Government of Haryana, the CCI by its Order dated January 19, 2017, had imposed a penalty of ₹ 35 Crore on the Holding Company on grounds of alleged collusive bidding. On Holding Company's appeal, COMPAT had stayed the operation of the CCI's Order. The matter was listed before the NCLAT on May 12, 2026, however adjourned to August 18, 2026 for hearing.

Based on the advice of external legal counsel, the Holding Company believes it has a strong case on merits for successful appeal in both the aforesaid matters. Accordingly, no provision (including interest) is recognised in the books by the Holding Company.

7. Employee benefits expenses are net of costs allocated to / from the Company's Holding Company and its subsidiaries based on cost sharing arrangements between the Companies.
8. In respect of captive limestone mining lease operations for manufacturing of cement plant in Wadi, Karnataka, the Holding Company has ongoing dispute with Department of Mines & Geology (DMG), Karnataka, over the basis of royalty calculation since earlier years.

The Holding Company has made various representations in the matter including before Hon'ble Revisional Authority (RA) and in previous year, it also approached Hon'ble High Court of Karnataka to ensure continuing mining for manufacturing operations of Wadi Plant on provisional deposit of ₹ 125 Crore under protest against the demand of DMG.

As at previous year ended March 31, 2026, the Hon'ble Revisionary Authority had set aside the demand and held that the State Government could not have adopted the notional limestone consumption factor of 1:1.42 for computation of royalty payable in absence of any dispute regarding the weightment mechanism. Accordingly, the matter of additional demand of royalty ₹ 492 Crore since 1995-96 to 2021-22 was remanded back to the State Government. In view of the order of the Revisionary Authority, the Holding Company has sought refund of ₹ 125 Crore and execution of supplementary lease deed. The State Government had filed a writ petition on December 2, 2025 challenging the order of the Revisionary Authority, which is pending before the Hon'ble Karnataka High Court.

The dispute also led to delay in executing and concluding the supplementary lease deed with government authorities and the matter relating to the show cause for not entering into supplementary lease agreement and demand thereof ₹ 482 Crore towards allegation of illegal mining, is pending before Hon'ble High Court of Karnataka. The Holding Company has challenged the demand which is pending before the Hon'ble Karnataka High Court. Pending settlement of additional demand of royalty matter and thus delay in execution of the supplementary lease deed, the DMG has appointed Deputy Commissioner, Kalaburagi for recovery of the dues on March 3, 2026 but based on hearing in the matter by Hon'ble High Court of Karnataka on April 21, 2026, the State Government has assured it shall not take precipitative action and the Hon'ble High Court has noted the same. The matter was listed on July 22, 2026, for final hearing however adjourned to August 3, 2026.

Basis the independent legal opinion, Management believes that the Holding Company has a strong case on merits, and no provision is considered necessary in the matter in the consolidated financial results.

(7d). In a matter relating to eligibility of exemption limit under Sales Tax New Incentive Scheme for Industries, 1989 for the period from 2002 to 2008 in respect of Company's unit in Rajasthan, the Company's appeal before Hon'ble Supreme Court since 2014 was concluded by Hon'ble Supreme Court. On November 6, 2025, it partially allowed the Company's appeal by setting aside the interest demand of ₹ 134 Crore but upheld the authorities demand of principal amount of ₹ 113 Crore on the ground that Board for Industrial and Financial Reconstruction ("BIFR") did not have the power to grant the sales tax exemption, beyond policy of government without consent of the State Government. At the same time, the Hon'ble Supreme Court has categorically held that there was no default on part of the Company in the matter as it has relied on the order of the BIFR to claim exemption and therefore, no liability towards interest can be attributable to the Company. The state of Rajasthan has filed a miscellaneous application before the Hon'ble Supreme Court challenging the relief of non-levy of interest on the Company, which was dismissed by the Hon'ble Supreme Court vide its order dated February 13, 2026.

Accordingly, an amount of ₹ 113 Crore, earlier accounted as recoverable in the books, had been expensed off as an exceptional item in the Standalone financial results for the year ended March 31, 2026, representing full and final settlement of the demand of principal liability under dispute. An amount of ₹ 30 Crore deposited against partial interest since 2015 is now considered recoverable from the State of Rajasthan, as any claim for interest by the State has been set aside by the Hon'ble Supreme Court. The Company had filed its refund claim of ₹ 30 Crore towards interest deposited which has been disclosed as security deposit (other non-current financial assets). The State of Rajasthan has filed a Review Petition (Diary) No.26086/2026 before the Hon'ble Supreme Court, for the aforesaid interest claim of ₹ 134 Crore, which is under defects and will be heard in due course post removal of defects by the State of Rajasthan.

(7e). During the comparative quarter ended June 30, 2025, the Company became aware of the enactment of the "Revocation of West Bengal Incentive Schemes and Obligations in the Nature of Grants and Incentives Act, 2025" w.e.f. April 2, 2025 (hereinafter referred to as the "Revocation Act") issued by the Government of West Bengal to rescind, revoke and discontinue all West Bengal Incentive Schemes granted by the Government of West Bengal/its authorised agents, to the industrial units setup in the State. Pursuant to the above, the Company had filed a writ petition in respect of its incentive claim of ₹ 119 Crore recognised in the books in the earlier years relating to Farakka unit before Hon'ble Supreme Court under Article 32 of the Constitution, challenging the validity of the Revocation Act on retrospective basis denying benefits of past incentive schemes, overriding any judgement, order, decree of any court, or direction of any authority, etc. Subsequently, the Company withdrew the above writ petition from Hon'ble Supreme Court on August 25, 2025 and filed writ petition before Hon'ble Kolkata High Court for its incentive claims of Farakka and Sankrail units, which, by its order dated September 9, 2025, has stayed any coercive action for the amount of incentives already disbursed. The matters were listed for hearing on July 8, 2026 however adjourned to September 8, 2026.

Further, the Company has also obtained an Independent legal opinion on the validity of the aforesaid Revocation Act, validity of its claims and possible outcome of the aforesaid writ petitions filed by the Company in this regard.

Based on the management assessment, initially, the Company had concluded that its incentive claims of ₹ 257 Crore (Gross value) relating to Farakka and Sankrali industrial units, already recognised in the books were good of recovery. However, subsequently during the previous financial year 2025-26, considering principles of prudence, the Company fully provided for such Government Grant of net ₹ 223 Crore (at Fair value) which was accrued and recognised as receivable in the books. The same had been disclosed as "Exceptional Item" in these standalone financial results.

(7f) The Company's erstwhile subsidiary Sanghi Industries Limited (now amalgamated with the Company) ("Sanghi") has litigation with Chief Commissioner of State Tax, Government of Gujarat under Electricity Duty Act, 1958, regarding the exemption period for payment of electricity duty on captive electricity generation during the period November 1995 till March 2012. Sanghi commenced cement manufacturing in April 2002 and is seeking exemption of electricity duty for the period starting April 2002 to March 2012 although government authorities restricting exemption till November, 2005, interpreting that exemption would be applicable from the date commissioning of DG sets i.e. from November 1995 and not manufacturing date. Sanghi had filed writ petition with Hon'ble Gujarat High Court in year 2006 and challenged department's demand orders claiming that Sanghi is entitled to exemption from the payment of electricity duty for a period of 10 years from March 2002 on the basis of Section 3(2)(vii) of the Electricity Act. The Hon'ble High Court of Gujarat, in their interim order dated May 5, 2006, granted ad-interim relief in the matter. Since the matter is sub-judice, there is no open demand in the matter from the electricity department for the period upto March 2012.

The Company acquired Sanghi as per Share Purchase Agreement (SPA) dated August 3, 2023, entered between the erstwhile Promoters of Sanghi Industries Limited (the "Sanghi" or "SIL"), and in terms of SPA, Sanghi / Company raised indemnity claims amounting to ₹ 84 Crore against the electricity duty demand raised by authorities for the period post April 2012. During the quarter ended June 30, 2025 / year ended March 31, 2026 the Company had received ₹ 40 Crore towards the indemnification claim as per the share purchase agreement and amount realised was disclosed as exceptional item. The Company has raised an additional indemnity claim as per the terms of SPA with Promoters of Sanghi for the interest demand of ₹ 11 Crore as raised by Chief Commissioner of State Tax, Gujarat and Company's management as per the terms of SPA, also has rights to raise further claims for the period pre-2012, in case the matter is ruled against Sanghi and demand is raised by the authorities.

8. During the previous year ended March 31, 2026, the Hon'ble National Company Law Tribunal, Ahmedabad Bench ("NCLT") had pronounced the order sanctioning the Scheme of Amalgamation ("Scheme") of Adani Cementation Limited with the Company on July 18, 2025. The Board of Directors of the Company ("Transferee Company" or "Company") had, vide its resolution dated June 27, 2024, approved the aforesaid Scheme of Amalgamation of Adani Cementation Limited ("Transferor Company") with the Company and their respective shareholders and creditors ("Scheme") pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ("Act"). Pursuant to the said scheme, Company recognised identifiable assets acquired (including intangibles), investment in Adani Cement Industries Limited (wholly owned subsidiary of Transferor Company) now a wholly owned subsidiary of the Company, and liabilities assumed w.e.f. August 1, 2025.

In terms of Scheme, the Company issued and allotted its 87,00,000 Equity Shares of ₹ 2/- each to Adani Enterprises Limited (a related party and sole shareholder of the Transferor Company) as per the Share Exchange Ratio defined under the Scheme, resulting in increase in paid up equity share capital of the Company by equivalent number of equity shares. The Company had accounted the aforesaid transaction as Acquisition of assets, and accordingly, the excess of Purchase Consideration paid by way of issue of its equity shares over and above fair value of net assets acquired has been allocated between the acquired individual identifiable assets and liabilities assumed based on their relative fair values as at the date of purchase/acquisition.

The standalone financial results include financial results of erstwhile Adani Cementation Limited, the transferor Company from the effective date. Accordingly, the results for the quarter ended June 30, 2026 are not comparable with quarter ended June 30, 2025 to that extent.

Consequently, above mentioned subsidiaries of the Company got amalgamated with the Company w.e.f. April 1, 2024 and August 16, 2024 respectively. Since the amalgamated transferor companies are under common control, the accounting of the said amalgamation had been done applying Pooling of Interest method as prescribed in Appendix C of Ind AS 103 'Business Combinations' w.e.f. earlier of the first day of previous period presented or the date of acquisition whichever is later, i.e. April 1, 2024 and August 16, 2024 respectively. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

(7a). During the quarter ended June 30, 2026, the Subsidiary Company ACC Limited has recognised a cost of ₹ 24 Crore incurred for the termination benefits payable under Voluntary Severance Scheme (VSS) of third party workforce at one of the production facilities. Considering the nature and materiality of the expenditure, the same has been disclosed separately as an exceptional item.

(7c). As on November 21, 2025, the Government of India notified four Labour Codes effective immediately replacing the existing 29 labour laws. The impact of implementation of the Labour Codes has resulted in an increase of ₹ 120 Crore (including increase of ₹ 13 Crore during previous quarter ended March 31, 2026) in the liabilities for defined benefit obligation which includes permanent and contractual employees (third party) and towards compensated absences of the employees of the Group. The amount has been measured and recognised based on management assessment of the impact on defined benefit obligation and compensated absences liabilities on such implementation and net incremental liability was recognised as an "Exceptional Items" for the previous quarter and year ended March 31, 2026.

During the quarter ended June 30, 2026, the Government of India has further notified the final Central Rules under the Labour Codes. The Group has assessed the impact of aforesaid Central Rules and concluded that there is no material financial impact on the Group. The Group continues to monitor the finalisation of State Rules and further Government clarifications on the implementation of the Labour Codes and will recognise the consequential impact, if any, based on such developments.

(7d). During the previous year ended March 31, 2026, the Holding Company and its subsidiary, ACC has reassessed its position in respect of recognition of credit for its claim towards levy of Infrastructure Development Cess and Environment Cess in the state of Chhattisgarh which is presently disputed by the Holding Company and ACC before the Hon'ble High Court of Chhattisgarh since March 2007. The reassessment follows a judgment by the Hon'ble High Court of Chhattisgarh in the similar matter, wherein the levy of these Cesses have been challenged, and court vide its judgement in WPT 263/20023 dated October 8, 2025, held that Cess cannot be levied or collected on mining leases as no land revenue is leviable on mining leases. As a result, the Management supported by legal opinion, has assessed that it is entitled to refund of all such Cess amounts paid since inception of the levy w.e.f. May 27, 2005, pending adjudication of the matter with Hon'ble High Court of Chhattisgarh.

Pursuant to the above, the Holding Company and ACC has recognised a receivable / credit of ₹ 140 Crore and ₹ 94 Crore respectively as at June 30, 2026 (including ₹ 7 Crore for the quarter ended June 30, 2026 and ₹ 22 Crore for the year ended March 31, 2026). Out of the total receivable, a credit of ₹ 205 Crore was disclosed under Exceptional Items, pertaining to the credit relating to earlier years up to March 31, 2025, in the consolidated financial results during the year ended March 31, 2026.

(7e). In a matter relating to eligibility of exemption limit under Sales Tax New Incentive Scheme for Industries, 1989 for the period from 2002 to 2008 in respect of Holding Company's unit in Rajasthan, the Holding Company's appeal before Hon'ble Supreme Court since 2014 was concluded by Hon'ble Supreme Court. On November 6, 2025, it partially allowed the Holding Company's appeal by setting aside the interest demand of ₹ 134 Crore but upheld the authorities demand of principal amount of ₹ 113 Crore on the ground that Board for Industrial and Financial Reconstruction ("BIFR") did not have the power to grant the sales tax exemption, beyond policy of government without consent of the State Government. At the same time, the Hon'ble Supreme Court has categorically held that there was no default on part of the Holding Company in the matter as it has relied on the order of the BIFR to claim exemption and therefore, no liability towards interest can be attributable to the Holding Company. The State of Rajasthan had filed a miscellaneous application before the Hon'ble Supreme Court challenging the relief of non-levy

of interest on the Holding Company, which was dismissed by the Hon'ble Supreme Court vide its order dated February 13, 2026.

Accordingly, an amount of ₹ 113 Crore, earlier accounted as recoverable in the books has been expensed off as an exceptional item in the Consolidated financial results for the previous year ended March 31, 2026, representing full and final settlement of demand of the principal liability under dispute. An amount of ₹ 30 Crore deposited against partial interest since 2015 is now considered recoverable from the State of Rajasthan, as any claim for interest by the State has been set aside by the Hon'ble Supreme Court. The Holding Company has filed its refund claim of ₹ 30 Crore towards interest deposited which has been disclosed as Security Deposit (other non-current financial assets). The State of Rajasthan has filed a Review Petition (Diary) No.26086/2026 before the Hon'ble Supreme Court, for the aforesaid interest claim of ₹ 134 Crore, which is under defects and will be heard in due course post removal of defects by the State of Rajasthan.

(7f) During the comparative quarter ended June 30, 2025, the Holding Company became aware of the enactment of the "Revocation of West Bengal Incentive Schemes and Obligations in the Nature of Grants and Incentives Act, 2025" w.e.f. April 2, 2025 (hereinafter referred to as the "Revocation Act") issued by the Government of West Bengal to rescind, revoke and discontinue all West Bengal Incentive Schemes granted by the Government of West Bengal/its authorised agents, to the industrial units setup in the State. Pursuant to the above, the Holding Company had filed a writ petition in respect of its incentive claim of ₹ 119 Crore recognised in the books in the earlier years relating to Farakka unit before Hon'ble Supreme Court under Article 32 of the Constitution, challenging the validity of the Revocation Act on retrospective basis denying benefits of past incentive schemes, overriding any judgement, order, decree of any court, or direction of any authority, etc. Subsequently the Holding Company withdrew the above writ petition from Hon'ble Supreme Court on August 25, 2025 and filed writ petition before Hon'ble Kolkata High Court for its incentive claims of Farakka and Sankrail units, which, by its order dated September 9, 2025, has stayed any coercive action for the amount of incentives already disbursed. The matters were listed for hearing on July 8, 2026 however, adjourned to September 8, 2026.

Further, the Holding Company has also obtained an Independent legal opinion on the validity of the aforesaid Revocation Act, validity of its claims and possible outcome of the aforesaid writ petitions filed by the Holding Company in this regard.

Based on the management assessment, initially, the Holding Company had concluded that its incentive claims of ₹ 257 Crore (Gross value) relating to Farakka and Sankrail Industrial units, already recognised in the books were good of recovery. However, subsequently during the previous financial year 2025-26, considering principles of prudence, the Holding Company fully provided for such Government Grant of net ₹ 223 Crore (at Fair value) which was accrued and recognised as receivable in the books. The same has been disclosed as "Exceptional item" in these consolidated financial results.

(7g) The Holding Company's erstwhile subsidiary Sanghi Industries Limited (now amalgamated with the Holding Company) ("Sanghi") has litigation with Chief Commissioner of State Tax, Government of Gujarat under Electricity Duty Act, 1958, regarding the exemption period for payment of electricity duty on captive electricity generation during the period from November 1995 till March 2012. Sanghi commenced cement manufacturing in April 2002 and is seeking exemption of electricity duty for the period starting April 2002 to March 2012 although government authorities are restricting exemption till November, 2005, interpreting that exemption would be applicable from the date commissioning of DG sets i.e. from November 1995 and not manufacturing date. Sanghi had filed writ petition with Hon'ble Gujarat High Court in year 2006 and challenged department's demand orders claiming that Sanghi is entitled to exemption from the payment of electricity duty for a period of 10 years from March 2002 on the basis of Section 3(2)(vi) of the Electricity Act. The Hon'ble High Court of Gujarat, in their interim order dated May 5, 2006, granted ad-interim relief in the matter. Since the matter is sub-judice, there is no open demand in the matter from the electricity department for the period upto March 2012.

The Holding Company acquired Sanghi as per Share Purchase Agreement (SPA) dated August 3, 2023, entered between the erstwhile Promoters of Sanghi Industries Limited (the "Sanghi" or "SIL"), and in terms of SPA, Sanghi / Holding Company raised indemnity claims amounting to ₹ 84 Crore against the electricity duty demand raised by authorities for the period post April 2012. During the quarter ended June 30, 2025 / year ended March, 31, 2026 the Holding Company had received ₹ 40 Crore towards the indemnification claim as per the share purchase agreement and amount realised is disclosed as exceptional item. The Holding Company has raised an additional indemnity claim as per the terms of SPA with Promoters of Sanghi for the interest demand of ₹ 11 Crore as raised by Chief Commissioner of State Tax, Gujarat and the Company's management as per the terms of SPA, also has rights to raise further claims for the period pre-2012, in case the matter is ruled against Sanghi and demand is raised by the authorities.

8. During the previous year ended March 31, 2026, the Hon'ble National Company Law Tribunal, Ahmedabad Bench ("NCLT") has pronounced the order sanctioning the Scheme of Amalgamation ("Scheme") of Adani Cementation Limited with the Holding Company on July 18, 2025. The Board of Directors of the Holding Company ("Transferee Company" or "Company") had, vide its resolution dated June 27, 2024, approved the aforesaid Scheme of Amalgamation of Adani Cementation Limited ("Transferor Company") with the Holding Company and their respective shareholders and creditors ("Scheme") pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ("Act"). The Appointed Date of the Scheme is April 1, 2024. Further all the conditions to make the Scheme effective, as specified under the Scheme, have been fulfilled and accordingly, the Scheme became effective from August 1, 2025 ("Effective Date"). Pursuant to the said scheme, the Holding Company recognised identifiable assets acquired (including intangibles), investment in Adani Cement Industries Limited (wholly-owned subsidiary of Transferor Company) now a wholly-owned subsidiary of the Holding Company, and liabilities assumed w.e.f. August 01, 2025.

In terms of Scheme, the Holding Company issued and allotted its 87,00,000 Equity Shares of ₹ 2 each to Adani Enterprises Limited (a related party and sole shareholder of the Transferor Company) as per the Share Exchange Ratio defined under the Scheme, resulting in increase in paid up equity share capital of the Holding Company by equivalent number of equity shares.

The Holding Company concluded final determination of fair values of identified assets and liabilities for the purpose of Purchase Price Allocation and, based on the final fair valuation report of external independent expert, accounted the fair value of the assets acquired and liabilities assumed as at the effective date as per the requirements of Ind AS 103.

The consolidated financial results include financial results of erstwhile Adani Cementation Limited, the transferor Company and Adani Cement Industries Limited from the effective date. Accordingly, the results for the quarter ended June 30, 2026 are not comparable with quarter ended June 30, 2025 to that extent.

9. (i) During the previous quarter and year ended March 31, 2026, the Ahmedabad Bench of the National Company Law Tribunal ("NCLT") vide orders dated February 9, 2026 and March 30, 2026 respectively, have sanctioned the following scheme of arrangement with the Holding Company ("Company") with appointed date of April 1, 2024 and August 16, 2024 respectively, under section 230 to 232 and other applicable provisions of the Companies Act, 2013 read with the rules framed thereunder.
 - i. The Scheme of Arrangement between the Holding Company's subsidiary Sanghi Industries Limited ("Transferor Company") ("Scheme 1"), the Company and their respective shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ("Act") read with the rules framed thereunder w.e.f. appointed date April 1, 2024.
 - ii. The Scheme of Arrangement between the Holding Company's subsidiary Penna Cement Industries Limited ("Transferor Company") ("Scheme 2"), the Company and their respective shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ("Act") read with the rules framed thereunder w.e.f. appointed date August 16, 2024.

[Collectively the "Scheme 1" and "Scheme 2" be referred to as "Schemes"].

The aforesaid Schemes were approved by the Board of Directors of the Company, Transferor Company ("Scheme 1") and Transferor Company ("Scheme 2") vide their respective resolutions dated December 17, 2024. The said Schemes have become effective from March 12, 2026 and April 10, 2026 respectively, on compliance of all the conditions precedent mentioned therein. Consequently, above mentioned subsidiaries of the Holding Company got amalgamated with the Holding Company w.e.f. April 1, 2024 and August 16, 2024 respectively. Since the amalgamated entities are under common control, the accounting of said amalgamation has been done applying Pooling of Interest method as prescribed in Appendix C of Ind AS 103 'Business Combinations' w.e.f. earlier of the first day of previous period presented or the date of acquisition whichever is later i.e., April 1, 2024 and August 16, 2024 respectively. While applying Pooling of Interest method, the Holding Company has recorded, in its standalone financial statements, all assets, liabilities and reserves attributable to the subsidiaries at their carrying values as appearing in the consolidated financial statements of the Company as per guidance given in ITFG Bulletin 9. The aforesaid scheme has no impact on the consolidated financial result of the Group since the scheme of amalgamation was within the parent company and subsidiaries.

11. During the financial year 2024-25, the Holding Company's management became aware of an indictment filed by United States Department of Justice (US DOJ) and a civil complaint by Securities and Exchange Commission (US SEC) in the United States District Court for the Eastern District of New York (EDNY) against a non-executive director of the Holding Company. The director is indicted on three counts, namely (i) alleged securities fraud conspiracy (ii) alleged wire fraud conspiracy and (iii) alleged securities fraud for making false and misleading statements and as per US SEC civil complaint, director omitting material facts that rendered certain statements, misleading to US investors under Securities Act of 1933 and the Securities Act of 1934. The Holding Company has not been named in these matters.

As at March 31, 2026, pursuant to various filings made by the director through their legal counsels, the matter remained pending determination before the court. During the current quarter, US SEC have filed a request for entry of final judgement before EDNY, upon obtaining the consent of the director, without admitting or denying the allegations, on May 15, 2026. As per the proceedings, upon approval by EDNY, such final judgements will require the director to pay certain civil monetary penalties to settle the complaint, entirely, as stated above. Also, US DOJ filed a motion to dismiss the charges in the indictment against such director with prejudice, before the EDNY on May 18, 2026. This motion is also currently pending approval proceedings by the EDNY.

Having regard to the status of the above-mentioned matters as at reporting date, and the fact that the matters stated above do not pertain to the Holding Company, there were no impact to the Holding Company as at previous year ended March 31, 2026. There are no changes to the said conclusions as at and for the quarter ended June 30, 2026.

12. In a matter relating to subsidiary Company ACC Limited ("ACC"), it has ongoing dispute with Department of Mines & Geology (DMG), Karnataka, over the basis of royalty calculation since earlier years in respect of captive limestone mining lease operations for manufacturing of cement plant in Wadi, Karnataka.
- ACC has made various representations in the matter including before Hon'ble Revisional Authority (RA) and in financial year 2024-25, it also approached Hon'ble High Court of Karnataka to ensure continuing mining for manufacturing operations of Wadi Plant on provisional deposit of ₹ 125 Crore on October 30, 2024 under protest against the demand of DMG.

During the previous year ended March 31, 2026, the Hon'ble Revisionary Authority had set aside the demand and held that the State Government could not have adopted the notional limestone consumption factor of 1:1.42 for computation of royalty payable in absence of any dispute regarding the weightment mechanism. Accordingly, the matter of additional demand of royalty ₹ 492 Crore since 1995-96 to 2021-22 was remanded back to the State Government. In view of the order of the Revisionary Authority, ACC has sought refund of ₹ 125 Crore and execution of supplementary lease deed. The State Government has filed a writ petition on December 2, 2025 challenging the order of the Revisionary Authority, which is pending before the Hon'ble Karnataka High Court.

The dispute also led to delay in executing and concluding the supplementary lease deed with government authorities and the matter relating to the show cause for not entering into supplementary lease agreement and demand thereof ₹ 482 Crore towards allegation of illegal mining, is pending before Hon'ble High Court of Karnataka. ACC has challenged the demand which is pending before the Hon'ble Karnataka High Court. Pending settlement of additional demand of royalty matter and thus delay in execution of the supplementary lease deed, the DMG has appointed Deputy Commissioner, Kalaburagi for recovery of the dues on March 3, 2026 but based on hearing in the matter by Hon'ble High Court of Karnataka on April 21, 2026, the State Government has assured that it shall not take precipitative action and the Hon'ble High Court has noted the same. The matter was listed on July 22, 2026, for final hearing however adjourned to August 3, 2026.

Basis the independent legal opinion, Management believes that ACC has a strong case on merits, and no provision is considered necessary in the matter in the consolidated financial results.

13. During the quarter ended June 30, 2026, the management of the Holding Company and Subsidiary Company ACC Limited have reviewed and approved temporary suspension of manufacturing operations at certain facilities pursuant to a strategic review of production facilities across India. The decision is aimed at improving operational efficiency, optimising capital allocation and enhancing long-term competitiveness. The Group will continue to evaluate further modernisation, improvisation of business scenarios based on market conditions and economic viability of production facilities in foreseeable future. The management has evaluated such closures as temporary in nature, focused on long term value creation, and thus does not require provision of impairment in the carrying value of property, plant and equipment's of such plants as at reporting date.

14. The Group is mainly engaged in the business of cement (incl. intermediary products) and Ready-Mix Concrete.

15. The figures for the quarter ended March 31, 2026 represents the difference between the audited figures in respect of the financial year ended March 31, 2026 and published unaudited figures of nine months ended December 31, 2025 which were subject to limited review by the Auditors.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit.
