Link Road No.3, Ravi Shankar Nagar,
Bhopal – 462016, (M.P.)

Sub.: Half Yearly Compliance Status Report of Environmental Clearance (MoST) & Environmental Clearance (CRZ) **Bulk Cement Terminal (BCT), Muldwarka Unit of Ambuja Cements Ltd.**

Ref.: Environmental Clearance (MoST) Order No. PD/26017/4/98-PDZ dated 13.07.1998 & Environmental Clearance (CRZ) no.11-73/2007-IA-III dated 04.07.2008.

Sir,

We are pleased to submit herewith half yearly compliance status report (i.e. for the period of **(April'2020 to September'2020)** of Environmental Clearance Order No. PD/26017/4/98-PDZ & CRZ Clearance No.11-73/2007-IA-III dated 13.07.1998 & 04.07.2008 respectively, granted to **Bulk Cement Terminal** of Ambuja Cements Ltd. located at village – Muldwarka, Taluka - Kodinar, District – Gir Somnath (Gujarat).

Thanking you,

Yours Faithfully,
For **Ambuja Cements Ltd.**

 **Anand Prakash**
Head -Environment

MONITORING THE IMPLEMENTATION OF ENVIRONMENTAL SAFEGUARDS

Ministry of Environment, Forest and Climate Change

Regional Office (W), Bhopal.

Monitoring Report

Part-I

DATA SHEET

01	Project type	:	Material Storage & Handling Facilities (Captive Port)
02	Name of the project	:	Bulk Cement Terminal (Storage & Handling Facilities) at Muldwarka
03	Clearance letter(s) / OM no. and date	:	MoST Clearance no.PD/26017/4/98-PDZ (CRZ) Dated 13 th July, 1998. CRZ Clearance No. 11-73/2007-IA-III Dated 4 th July, 2008.
04	Location	:	
	a) District(s)	:	Gir Somnath
	b) State(s)	:	Gujarat
	c) Latitude	:	20°45' 58" N
	d) Longitude	:	70°40' 58" E
05	Address for correspondence	:	
	a) Address of concerned Project Chief Engineer (with pin code & telephone / telex / fax numbers).	:	Sh. Anupam Agrawal Unit Head Ambuja Cements Ltd. PO Ambujanagar, Taluka : Kodinar, Pin- 362715 District: Gir Somnath (Gujarat). Tel: 02795-221137/ 232009/237403 Fax: 02795-220328/232032
	b) Address of Executive Project Engineer / Manager (with pin code / fax numbers)	:	Sh. Vedang Mulani, (BCT-Muldwarka) Village-Muldwarka, Taluka- Kodinar, District Gir Somnath , Pin: 362715 (Gujarat) Tel: 02795 – 221513, 220214 Fax – 02795 – 220213
06	Salient features	:	
	a) of the project	:	BCT- Bulk Cement Terminal is a captive port for storage and handling of cement, coal, gypsum, fly ash/slag, rubber scrap and furnace oil. It is 13 Kms. away from Ambujanagar Cement Plant.
	b) of the environmental management plans	:	Bag filters have been installed at all transfer point and use of closed conveyor for loading/unloading of materials. Adequate plantations have been done at all open space and along plant boundary. Regular maintenance of existing air pollution control devices is being done to maintain the efficiency and minimize the fugitive emissions.
07	Breakup of the project area.	:	
	a) Submergence area (forest & non-forest)	:	Not applicable
	b) Others	:	47.10 ha.
08	Breakup of the project affected population with enumeration of those losing houses / dwelling units only agricultural land only, both dwelling units & agricultural land & landless labourers / artisan.	:	Not applicable.
	a) SC, ST / Adivasis	:	Not applicable.
	b) Others	:	Not applicable.
09	Financial details	:	
	a) Project cost as originally planned and subsequent revised estimates and the year of price reference.	:	The total project cost was less than Rs. 137.50 Cr.

b) Allocation made for environmental management plans with item wise and year wise break-up.		:	Please refer below

c) Benefit cost ratio / Internal rate of return and the year of assessment.		:	No separate assessment made for this project.																																																																																																																																																																																	
d) Whether (c) includes the cost of environmental management as shown in the above.		:	Not applicable.																																																																																																																																																																																	
e) Actual expenditure incurred on the project so far.		:	Rs. 138.25 Cr.																																																																																																																																																																																	
f) Actual expenditure incurred on the environmental management plans so far.		:	Rs. 15.24 Cr.																																																																																																																																																																																	
10	Forest land requirement.	:																																																																																																																																																																																		
a) The status of approval for diversion of forest land for non-forestry use		:	The project area does not comprise any forest, hence not applicable.																																																																																																																																																																																	
b) The status of clearing felling		:	Not applicable.																																																																																																																																																																																	
c) The status of compensatory afforestation, if any		:	Not applicable.																																																																																																																																																																																	
d) Comments on the viability & sustainability of compensatory afforestation programme in the light of actual field experience so far.		:	Not applicable.																																																																																																																																																																																	
11	The status of clear felling in non-forest areas (such as submergence area of reservoir, approach roads), if any with quantitative information.	:	Not applicable.																																																																																																																																																																																	
12	Status of construction.	:																																																																																																																																																																																		
a) Date of commencement (Actual and / or planned)		:	1993																																																																																																																																																																																	
b) Date of completion (Actual and / or planned).		:	1993 (1 st Phase), 1997 (11 nd Phase)																																																																																																																																																																																	
13	Reasons for the delay if the project is yet to start.	:	Not applicable.																																																																																																																																																																																	
14	Dates of site visits	:																																																																																																																																																																																		
a) The dates on which the project was monitored by the Regional Office on previous occasions, if any.		:	12.10.10 to 13.10.10 by Dr. A. Mehrotra Regional Office, Bhopal																																																																																																																																																																																	
b) Date of site visit for this monitoring report		:	12.10.10 to 13.10.10																																																																																																																																																																																	
15	Details of correspondence with project authorities for obtaining action plans / information on status of compliance to safeguards other than the routine letters for logistic support for site visits).	:	Half yearly compliance status report is being regularly submitted and last submission was on 12.05.2020 vide letter no.ACL/EMD/F-16/2020/2109/87299.																																																																																																																																																																																	

**Compliance Status Environmental Clearance (MoST) for Storage and Handling of Furnace Oil
at BCT Muldwarka**

(Issued by MoST vide letter no. PD/26017/4/98-PDZ (CRZ) dated 13/07/1998)

S No.	Compliance	Compliance Status
2 (i)	All construction design/drawing relating to construction activities must have the approval of the concerned state govt. Department/Agencies. Ground water should not be tapped for construction activities.	<ul style="list-style-type: none"> Point noted and complied. No ground water was tapped during construction activities. NOC from CGWA obtained for use of ground water use of a tune of 500 KLD vide NOC No.
2 (ii)	Adequate provision for all infrastructural facilities such as water supply, fuel, sanitation etc. must be extended for laborers during the construction period in order to avoid damage to the environment.	<ul style="list-style-type: none"> The project activity has already over; hence, it is not applicable at this stage. However, currently all required infrastructural facilities such as drinking water and sanitation are available for employees and workmen. We had provided the desired provisions during construction phase to construction laborers.
2 (iii)	Dredging operations, if any should be undertaken in consultation with the Central Water and Power Research Station, Pune or the National Institute of Oceanography, Goa to ensure that dredging operation do not cause adverse impact on water quality and marine productivity in the vicinity. Dredging operation as far as possible should be kept to the minimum for avoiding adverse impacts on marine life.	<ul style="list-style-type: none"> For furnace oil storage & handling facility dredging activity is not applicable. Whereas as far as jetty is concern, whenever dredging operation is carried out, consultation with National Institute of Oceanography will be carried out.
2 (iv)	Disposal sites for excavated material, if any , should be also designed that the revised land use after dumping in the land use pattern do not interfere with the natural drainage.	<ul style="list-style-type: none"> Point noted & being complied. No excavated material is generated till date. Due to our activities there is no chance for generation of excavated material in future also.
2 (v)	To meet any emergency situation, adequate foam containers should be kept ready with supporting fire fighting system and water pipeline.	<ul style="list-style-type: none"> Full – fledged fire fighting system is available at site with qualified fire fighter and regular mock drills are being carried out. A separate fire tender is also available at Bulk Cement Terminal with adequate quantity of foam and other fire fighting agents.
2 (vi)	The staff posted in sensitive areas should be trained in implementation of the Crisis Management Plan already drawn by the authorities. Mock drill(s) for this purpose should be conducted on a regular basis. Provisions of Dock Safety Act and the guidelines issued by the DGFASLI/CLI, Bombay for the safety and health of the dock workers should be followed.	<ul style="list-style-type: none"> Complied. Regular monthly training on crisis management as well as fire fighting is being organized at BCT, Muldwarka. All other regulatory requirements as per the provision of the act are being implemented. Representative of Gujarat Maritime Board is also posted permanently for supervision on implementation of the necessary requirement. All the provision of Dock Safety Act and the guideline issued by DGFASLI for the safety and health of the dock workers is being effectively followed.
2 (vii)	For development of green buffer including mangroves wherever feasible, the authorities should start grooving large nursery of multipurpose species such as Eucalyptus, Casuarinas, Dalbergia, Terminalia etc. The norm of about 2000-2500 trees per ha may be adopted for raising of green belt.	<ul style="list-style-type: none"> Complied. The local shore conditions are not conducive for mangroves plantation. However the company has established Nursery where in large variety and numbers of plants are grown for carrying out plantation at BCT – Muldwarka and surrounding region. Mangroves plantation has been carried out in 100 Hectares area at village - Karanj, Taluka - Olpad, District - Surat. Gujarat. Ecology Commission, Gandhinagar is the implementing agency for the mangrove plantation project. Mangroves Plantation has been completed in 100 ha. area. Status report of the mangroves plantation has been already submitted to MoEF vide our submission dated 25.12.2010 vide letter no.ACL/EMD/F-16/2010/55921. Photographs of mangroves plantation has been submitted to your good office vide our submission dated 30.06.2012 vide letter no.ACL/EMD/F-16/227/65953.
2 (viii)	To prevent discharge of sewage and other liquid wastes including ballast in to marine environment,	<ul style="list-style-type: none"> Complied. No industrial liquid effluent is generated from plant premises.

**Compliance Status Environmental Clearance (MoST) for Storage and Handling of Furnace Oil
at BCT Muldwarka**

(Issued by MoST vide letter no. PD/26017/4/98-PDZ (CRZ) dated 13/07/1998)

	adequate system for collection, treatment and disposal of liquid wastes must be provided to the satisfaction of Gujarat Pollution Control Board.	Only negligible amount of domestic sewage generated, which is being disposed off through septic tank.
² (ix)	Adequate noise control measures must be provided to maintain noise level within the ambient standards prescribed by the competent authorities in various work places. If need be, ear plugs and ear muffs should be provided to the workers in the port area.	<ul style="list-style-type: none"> Complied. High noise areas have been identified & earmarked. Proper enclosures have been provided in high noise areas. Also applicable personnel protective equipments are being provided to all workers & employee.
² (x)	The quality of treated effluents, solid wastes and emissions must confirm to the standards laid down by the competent authority including Central/State Pollution Control Boards.	<ul style="list-style-type: none"> Point noted and being complied. No effluent in generated from the premises. We are complying with the standard laid down by the competent authority viz.. GPCB, Gandhinagar for emission from various stacks . No solid waste generated from the facility. .
² (xi)	An Environmental Cell should be immediately made operational with adequate laboratory facilities, equipments and mobile van for collecting air samples. The record and the data should be submitted with proper analysis and corrective measures required, if any, for maintaining the levels within the prescribed limits to the Regional Office of Ministry of Environment & Forests, Bhopal, which will be monitoring the strict implementation of these conditions at local level.	<ul style="list-style-type: none"> Complied. A full-fledge Environmental Management Dept. with qualified staff is established along with well-equipped mobile monitoring van and Environmental Laboratory for analysis of air, water and waste water samples. we had engaged third party for monitoring of various parameter laid by GPCB. Ambient air quality is being monitored regularly at identified locations (03 nos. AAQM stations). Stack & ambient air quality monitoring reports are being regularly submitted to concern authority. April'2020 to September'2020 Reports is enclosed as under
