Don't modify existing health insurance policies that leads to higher premium: Irdai tells insurers

IRDAI HAS DIRECTED health insurance providers not to make any changes to existing health policies that may lead

to a rise in premium for policyholders. The directions are also applicable for personal acci-

dent and travel insurance cover. In a circular, the Insurance Regulatory and Development

Authority of India (Irdai) said general and standalone health insurers are not allowed to modify existing benefits and add new benefits in the existing products, which leads to imposing an increase in premium. The watchdog also said that

insurers are permitted to effect minor modifications in accordance with 'Consolidated Guidelines on Product filing in Health Insurance Business' issued in July last year.

"Addition of new benefits/up-gradation of existing bene-

fits may be offered as add-on covers or optional covers with a standalone premium rate to ensure an informed choice to the policyholders," Irdai said in the circular this week.

Further, the regulator has asked appointed actuaries to

review the financial viability of every health insurance product at the end of a financial year.

The report of such a review should be submitted to the insurer's board along with an analysis of favourable or unfavourable experience of

each product as well as recommended corrective action in order to ensure sustainability of the product as well as to protect the interests of policyholders of the underlying product, the circular said.

Sebi revises qualification norms for portfolio managers, advisers, others

PRESS TRUST OF INDIA
 New Delhi, March 18

MARKETS REGULATOR SEBI has notified new regulations for portfolio managers, investment advisers and research analysts with regard to their qualifications.

The move will help recognise "the post graduate programme in securities market of not less than one year offered by NISM" as eligible qualification for portfolio managers, investment advisers and research analysts, according to Sebi.

In three separate notifications issued on Tuesday, the Securities and Exchange Board of India (Sebi) amended the regulations for portfolio managers, investment advisers and research analysts.

The regulator also amended PMS (Portfolio Management Services) regulations with respect to NISM (National Institute of Securities Markets) certification requirements. This comes after the board of Sebi approved amendments in this regard in February.

With regard to qualification for portfolio manager, Sebi said a portfolio manager need to have a professional qualification in finance, law, accountancy or business management from a university or an institution recognized by a recognised university or a professional qualification by completing a Post Graduate Program in the Securities Market (Portfolio Management) from NISM.

The post graduate programme from NISM should not be less than one year duration.
