

OUR CEMENT'S FINAL OUTPUT IS *clear blue.*

AMBUJA IS RANKED NO.2 GLOBALLY
BY THE CARBON DISCLOSURE PROJECT.

Sustainability has always been a critical part of Ambuja's operations. And now we've been recognised for it at a global platform, with a ranking of No. 2 across the cement industry, by the internationally renowned Carbon Disclosure Project. By relentlessly improving their sustainability efforts each year, our people have reduced specific carbon emissions by 30%, as compared to levels in 1990. The recent introduction of Ambuja's first ever composite cement also reduced its comparative carbon emissions by 16%. It's the 'I Can' spirit of our people that inspires them to build a cleaner future. However, those aren't the only positive numbers. Here are the results for the quarter ended March 31, 2018.

STANDALONE FINANCIAL RESULTS FOR QUARTER ENDED MARCH 31ST, 2018.
