

# WATER SCARCITY TO WATER SURPLUS. PARCHED EARTH TO GREENER LANDS.

Efforts lauded  
by the Dow Jones Sustainability Index  
and the National Water Mission Award.

Products & Solutions work in harmony with the environment - the helping hand of Ambuja Cement.

At Ambuja Cement we have always strived to lead the cement industry with the best sustainability practices.

The world has once again recognised our consistent efforts. We are honoured to be ranked 4<sup>th</sup> globally by the Dow Jones Sustainability Index in the Construction Material category. Furthermore, the first National Water Mission Award by Govt. of India has recognised us for the difference we are making to water resource management in vulnerable areas of many states in India, through our various water management initiatives such as water harvesting, drinking water solutions and community education.

When you believe that the bottom-line is that we are all stakeholders in a home called the Earth,  
the results do look better.
